The hydrogen initiative in Ångö Norsk e-Fuel on the investment in Ångö: "Could be one of the first"

February 13, 2023 4:05 PM

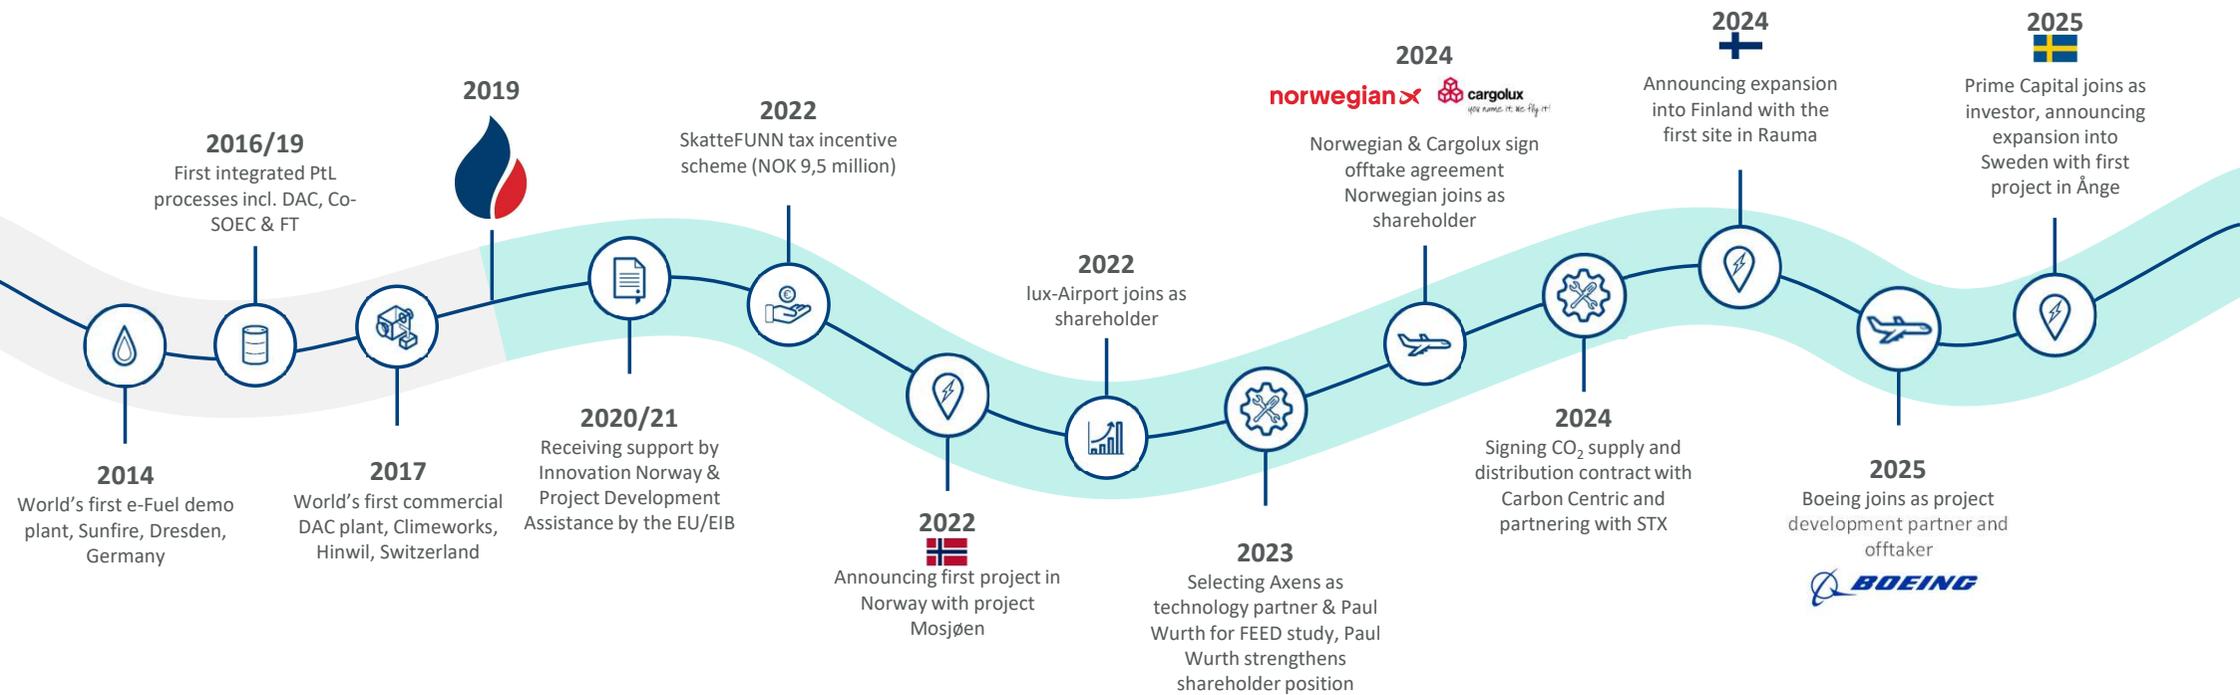

On Thursday morning, it became official that Norsk e-Fuel would be part of the hydrogen initiative in Ångö. A player who was also physically present when the news was released.

We discovered Ångö maybe a year ago, says Kai Haugmeier, CEO of Norsk e-Fuel, during Thursday's press conference.

New investors, new offtakers, new partners, new projects, new countries and more to come!
